TECHNICAL SKILLS & PROJECTS:

Programming and Development:

- Proficient in C++, led team to engineer an API-driven card guessing game leveraging key principles of OOP.
- Designed multi-level platformer in Construct 3, implementing advanced game mechanics, dynamic level progression, and responsive controls to enhance player engagement.

Web Design:

- Built Website for Roller Coaster Enthusiasts, learning HTML-5, CSS, and Javascript elements.

Database Management:

- Managed the construction of Record Shop Database Project using SQL, optimizing queries for efficient data retrieval.

Problem Solving and Creativity:

- Demonstrated robust problem-solving skills in game development and web design, with a creative approach to coding challenges.
 - Worked collaboratively with multiple teams to develop innovative projects under tight deadlines.
-

WORK EXPERIENCE:

Senior Field Organizer for Macomb County

For Our Future Michigan | Macomb, MI | August 2020 - September 2023

- Engaged 10,000+ households, utilizing one-on-one persuasive conversations to encourage participants to become active in the political process.
- Led the state in both the number of contacts made in 2022 and in converting those contacts into the goal metric.
- Top performer in region for most events created monthly, necessitating coordination with various officials and stakeholders to reach maximum engagement in organizational messaging.

Field Director for Northern Macomb County

Organizing Together 2020 | Macomb, MI | April 2020 - June 2020

- Trained and motivated 30+ volunteers, fostering a collaborative team environment while adapting to challenging technological and global hurdles.
- Coordinated multiple weekly events, energizing the team and became leader in County metrics.
